

GIAN MARCOS MIRANDA ROMAN

787-505-1553 | gian.miranda1@upr.edu | Ponce, PR 00731

SUMMARY

Obtain a professional opportunity where I can apply my knowledge in computer science and software development, strengthen my analytical and technical skills, and gain experience in innovative projects within a collaborative environment.

SKILLS

| Python | C++ | Flutter | Dart | Figma | Full-Stack | Data analysis

EXPERIENCE

Research, PandaHat, February 2026 – Current

- Work on developing machine learning models with a focus on Convolutional Neural Networks (CNNs). Our research investigates methods to improve power and energy efficiency in AI while training students in industry ML practices.

Internship, MiUni, July 2025 – Current

- Designed and implemented an algorithmic system to manage pickleball tournaments within MiUni, modeling match flow, rounds, and edge cases using Flutter, Dart, and Firebase, and validating the system through iterative testing and simulated scenarios.
- Developed and integrated front-end and back-end systems to support analytical dashboards, enabling data-driven insights for restaurants, associations, apartments, and users.
- Enhanced MiUni's iPad features to improve cross-platform performance, responsiveness, and overall user experience using Flutter and Dart.

VEX Robotics World Championship, March 2018 – April 2018

- Represented Puerto Rico in the World Robotics Competition VEX IQ Challenge Middle School

VEX Robotics World Championship, March 2017 – April 2017

- Represented Puerto Rico in the World Robotics Competition VEX IQ Challenge Elementary School

VEX Robotics World Championship, March 2016 – April 2016

- Represented Puerto Rico in the World Robotics Competition VEX IQ Challenge Elementary School

EDUCATION

BS in Computer Science and Engineering, University of Puerto Rico at Mayaguez, August 2024

High School Diploma, Family Christian Academy, May 2024
